City prepares for Saturday delays at Central Ave., Magnolia Ave. and Brockton Ave. Intersections

RIVERSIDE, Calif. – Weekend drivers should plan for delays near the intersection of Central and Magnolia Avenues. Lane closure delays will be from 6:30 a.m. until 7 p.m., this Saturday, and again next weekend, May 16 and May 17, in order to repave, seal and stripe the streets.

Southbound Brockton Avenue traffic will be detoured to Magnolia Avenue via Beatty Drive, re-opening at Central.

The 4100 block of Beatty and Sunnyside Drive will remain accessible via Palm Avenue.

Lane closures are planned for Magnolia, Central and Brockton Avenues. Up to two lanes may be closed at a time in each direction. There will be periods of restricted left turns.

Traffic signals will operate on a modified schedule for traffic control at both Central-Brockton and Central Magnolia intersections.

All businesses will remain accessible throughout the closures. At least one entrance will be maintained to all businesses.

The intersection improvements are part of the City's Riverside Renaissance to improve traffic congestion. This project to improve traffic flow is expected to be complete in May 2009.

For more information, call the City of Riverside Call Center at (951) 826-5311.
